Parto Nozad Pars

Is a joint stock limited company established in Tehran by a group of engineers with experience in the field of design and service of medical equipment. Following five years of successful operation, company was picked up by HNP and after that Tosan Company sale and service agent.

PNP Co. is a Neonatal medical equipment supplier that provides a combination of new and professionally refurbished equipment to medical professionals in Iran. PNP Co. offers a value to medical centers by providing the features and reliability they need while still fitting within their budget.

Our focus is to be a single supplier for all of Neonatal Equipment and infant systems. Our clients find that with one point of contact, the purchasing process is a much more efficient and pleasant process.

PNP Facility:

The technical potentials of the company's managers and the desire of the management to transfer know-how into the country directed the company to establish its factory in the industrial city of Arak (270km south of Tehran).

The factory and warehouse (5100 m² area) will be the site where medical equipment are assembled or refurbished and new Devices are being manufactured.

In Iran, PNP employs now over 30 persons, highly educated and skilled manpower for its sales and service.
